

# Let's Hike Mt. Daimonji

Mt. Daimonji (known as Nyoigatake) is a great place for a hike. It takes only an hour to reach the top. The view from the top is worth seeing. It is also located near famous places such as Ginkakuji, Honen-in and Kyoto University, so you can visit them on the way to Mt. Daimonji. Moreover, on every August 16th, a traditional event called "Gozan-no-Okuribi" (farewell fires of five mountains) is held. The most magnificent one is the illumination on Mt. Daimonji with real fire of the Chinese character "大", meaning great, and it colors the summer of Kyoto.
